

Pricing

cshuds is a desktop application for broadcasting and observing Counter-Strike 2 matches. The core management features are free to use. Advanced broadcast features are available through a paid subscription, cshuds PRO.

1. Plan & price

- **cshuds PRO** — €21.99 per month (EUR), billed monthly.

Prices are stated exclusive of tax; the applicable VAT or sales tax for your country is calculated and added at checkout, and the final amount payable is shown before you confirm. Prices may change; any change applies only to future renewals and will be communicated in advance.

2. What PRO includes

- Auto Observer — automatic spectator that follows the action.
- Player cameras with broadcast delay.
- Tactical X-ray and colored smokes.
- Premium HUD designs.
- Priority updates and support.

3. Billing & renewal

The subscription renews automatically at the end of each billing period at the then-current price, until cancelled. Payment is taken on each renewal date.

4. Cancellation

You may cancel at any time from within the app or via the account link on your receipt. Cancellation stops future renewals; you keep PRO access until the end of the current paid period. See our Refund & Withdrawal Policy.

5. Payment processor

Payments are sold and processed by Paddle (Paddle.com Market Ltd), our Merchant of Record. Paddle issues your invoice/receipt and handles billing support. Your purchase is subject to these terms, our Terms of Service, and Paddle's buyer terms.
